## Submission Report / Service Pack

Tick service required:

**Basic Compost Health Report:** A\$200.00 inc. GST

This is a basic compost analysis report that enables the grower to know whether the compost is suitable for the successful growing of their chosen crop. It delivers key indicators as to the quality of the compost. This report is ideal to assess the viability of the compost prior to making a purchase.

**SFI Starter Pack:** A\$450.00 inc. GST

One Total Foodweb analysis supported by a written report detailing our findings and suggested measures for you to undertake to help improve your compost.

**SFI Starter Pack Plus:** A\$650.00 inc. GST

This includes one total food web analysis supported by a written report detailing our findings and suggested measures for you to undertake to help improve your compost. This package has an additional two (2) Qualitative Assessments' carried out at appropriate times during the year so that you may monitor your progress and tweak your action plan. At no extra charge you will also receive our popular 'Brewing Compost Tea' manual valued at A\$ 55.00 free of charge

**SFI Basic Package:** A\$1,000.00 inc. GST

This includes one total food web analysis supported by a written report detailing our findings and suggested measures for you to undertake to help improve your compost. This package has an additional four (4) Qualitative Assessments carried out at appropriate times during the year so that you may monitor your progress and tweak your action plan. You are also eligible for two (2) brief phone consultations to discuss the reports in depth and any key issues you might have. At no extra charge you will also receive our popular 'Brewing Compost Tea' manual valued at A\$ 55.00 free of charge.

**SFI Professional Package:** A\$1,500.00 inc. GST

This includes one total food web analysis supported by a written report detailing our findings and suggested measures for you to undertake to help improve your compost. This package has an additional six (6) Qualitative Assessments carried out at appropriate times during the year so that you may monitor your progress and tweak your action plan. You are also eligible for three (3) phone consultations to discuss the reports in depth and any key issues you might have. At no extra charge you will also receive our popular 'Brewing Compost Tea' manual valued at A\$ 55.00 free of charge.

**SFI Premium Package:** A\$4500.00 inc. GST

This package is tailored to meet the specific needs of the grower and delivers not only compost analyses but also intensive mentoring from an appointed SFI representative for the term of the contract. Advice will be given on matters of site selection, raw materials and equipment. A general year-long program for building the soil food web in compost will be created and supplied to the grower. Biological and chemical testing will be performed on the as necessary. On going interactions with the SFI representative will ensure you are able to remain on track to reach the desired outcomes painlessly.

## Information on chemistry testing available for a sample:

<b>CA-PACK-01</b>	<b>COMPOST TOTALS ANALYSIS</b> - Includes Moisture, pH, EC; Total Nitrogen, Total Carbon; Sodium, Potassium, Calcium, Magnesium, Phosphorus, Sulfur, Silicon, Cobalt, Molybdenum, Zinc, Manganese, Iron, Copper and Boron.
<b>CA-OPT-03</b>	<b>AVAILABLE NUTRIENTS</b> - Includes Available Calcium, Magnesium, Potassium, Ammonia, Nitrate, Phosphate, Sulfur; Matter; Exchangable Sodium, Potassium, Calcium, Magnesium, Hydrogen, Aluminium, Cation Exchange Capacity); Bray I and II Phosphorus; Available and Extractable Phosphorus; Colwell Phosphorus; Available Micronutrients Zinc, Manganese, Iron, Copper, Boron, Silicon.
<b>FA-OPT-03</b>	<b>AVAILABLE CHLORIDE</b> - Includes Available Chloride.
